RE: Zoning/Permits
Unincorporated Lawrence County, Alabama

Dear Sir/Madam:

There are no zoning, building or occupancy permits required in un-incorporated Lawrence County, Alabama. You will need to contact a municipality for any project located within their municipal limits. Lawrence County does have subdivision regulations, a flood plain ordinance and a pipe/access permit if applicable. A copy of these may be found on our website at <http://lawrencecountyal.org/road.html>. A pipe permit does not require a fee and is needed for a new access proposed within the county right-of-way. The county will inspect the access location and size the pipe needed.

Please feel free to contact me for more information.

Sincerely,

A handwritten signature in blue ink, appearing to read "W. Sitton", is written over a faint circular stamp.

Winston Sitton, PE
County Engineer
